**BUCKET TYPE
GREASE VOLUME PUMPS**

YOU HAVE A BETTER CHOICE NOW!

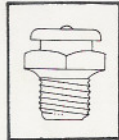

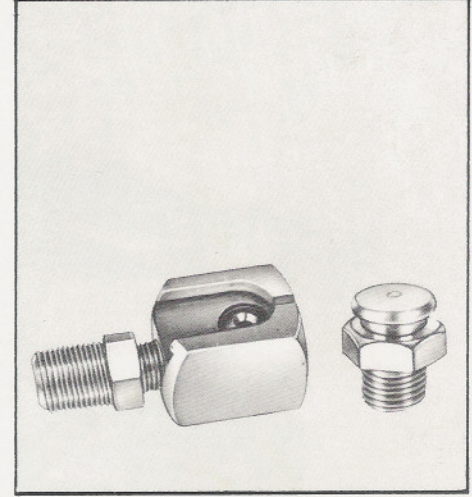

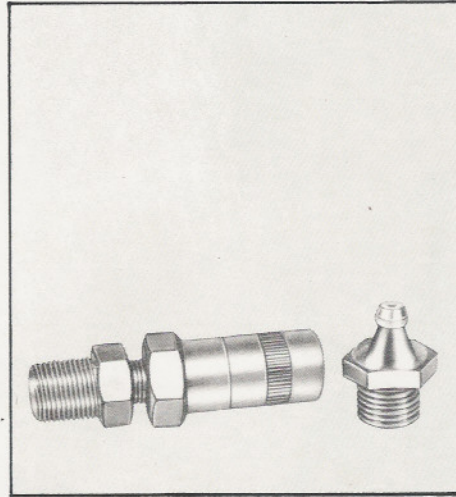

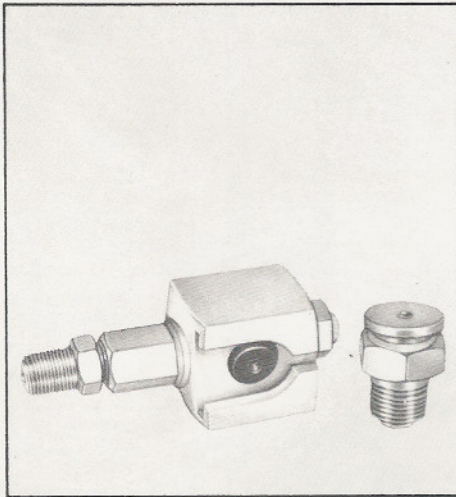

**MOST ESSENTIAL FOR
HEAVY DUTY LUBRICATION IN...
... EARTH MOVING MACHINERIES,
CEMENT FACTORIES, MOTOR VEHICLES, ETC.**

vijay® Ensure's, That You Move Smoothly

This portable, hand-operated lubricating pump is for dispensing LUBRICANTS which find their own level. It is designed to give volume lubrication of heavy duty machinery : it can also be used as a loader pump for filing other pieces of equipment. The container is oval in shape for convenience in carrying and a foot is incorporated to steady the equipment when in use.

1.5 mtr. Flexible H.P. Lubricant Hose is fitted with the required connector which automatically cleans the face of the NIPPLE before injection. Alternative Connectors shown may be supplied an extra, and are easily substituted. A Nipple is provided at the side to retain the Connector when not in use, thus preventing fouling and damage.

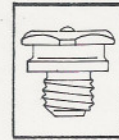

vijay® ALTERNATIVE LUBRICATION CONNECTORS

GIANT BUTTON HEAD CONNECTOR
CAT. NO. 304300/101
For Giant Button Head Grease Nipple.

HYDRAULIC CONNECTOR
CAT. NO. 6304-B/101
For Hydraulic type Grease Nipple.

TAT HEXAGON HOOK-ON CONNECTOR
CAT. NO. 42030/101
For 'TAT' Hexagon and Industrial Round Head Nipple.

'VIJAY' BUCKET PUMP CAPACITY : 5 Ltrs. MODEL NO : 7155

'VIJAY' BUCKET PUMP CAPACITY : 20 ltrs. MODEL NO. 7149

'VIJAY' BUCKET PUMP CAPACITY : 10 ltrs. MODEL NO. 7146

'VIJAY' BUCKET PUMP WITH 1.5 mtr. LONG H.P. HOSE AND DIFFERENT CONNECTORS AS PER FOLLOWING MODELS.

- WITH HYDRAULIC CONNECTOR — MODEL 7149 OR 7146/6304-B
- WITH HOOK-ON CONNECTOR — MODEL 7149 OR 7146/42030
- WITH GIANT BUTTON HEAD CONNECTOR — MODEL 7149 OR 7146/304300

SPECIFICATION

Capacity	PLEASE USE ONLY SELF COLLAPSIBLE GREASE UPTO GRADE NLGI - 1	20 ltrs. & 10 ltrs. & 5 Ltrs.
Pressure Developed		150 Kg. per Sq. cm.
Lubricant Delivery		30 gms. per complete stroke.
Weight		20 ltrs. — 10Kg.
		10 ltrs. — 9 Kg.

5 Ltrs. - 8 Kg.
